PALOXE

1200x1000x780 mm

- Large internal volume: 700 litres
- Reinforced corner sections for high imposed loads
- Additional stabilisation of the sidewalls by ribs
- Resistant against weather factors and UV radiation
- Constant weight
- 100 % recyclable
- Plastic material approved for food contact
- Simple repair exchange of longitudinal runners or feet
- Easy-to-clean thanks to round corner sections on the inside
- Space for labelling

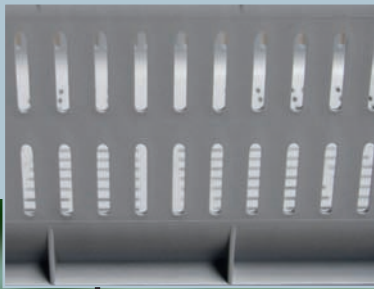

Internal dim.: 1145x945x620 mm
 Usable internal height: 590 mm
 Volume: 700 litres
 Loading capacity: 500 kg
 Stack weight capacity: 3300 kg
 Weight: see table below (+/-3%)

Order no.	Sidewalls	Base	Subframe	Weight
30-1210-1004	slotted	slotted	4 feet	32.0 kg
30-1210-1003	slotted	slotted	2 runners	33.5 kg
30-1210-1010	slotted	slotted	3 runners	37.0 kg
30-1210-1002	solid	solid	4 feet	33.0 kg
30-1210-1001	solid	solid	2 runners	35.0 kg
30-1210-1009	solid	solid	3 runners	38.5 kg

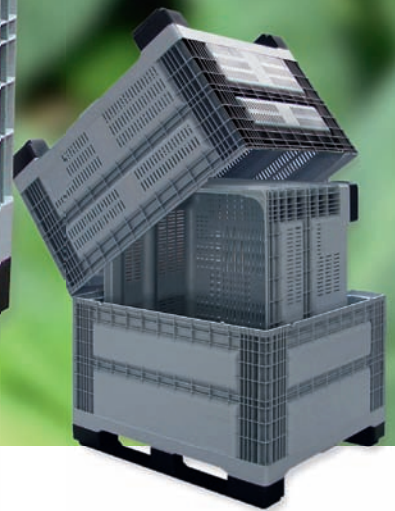

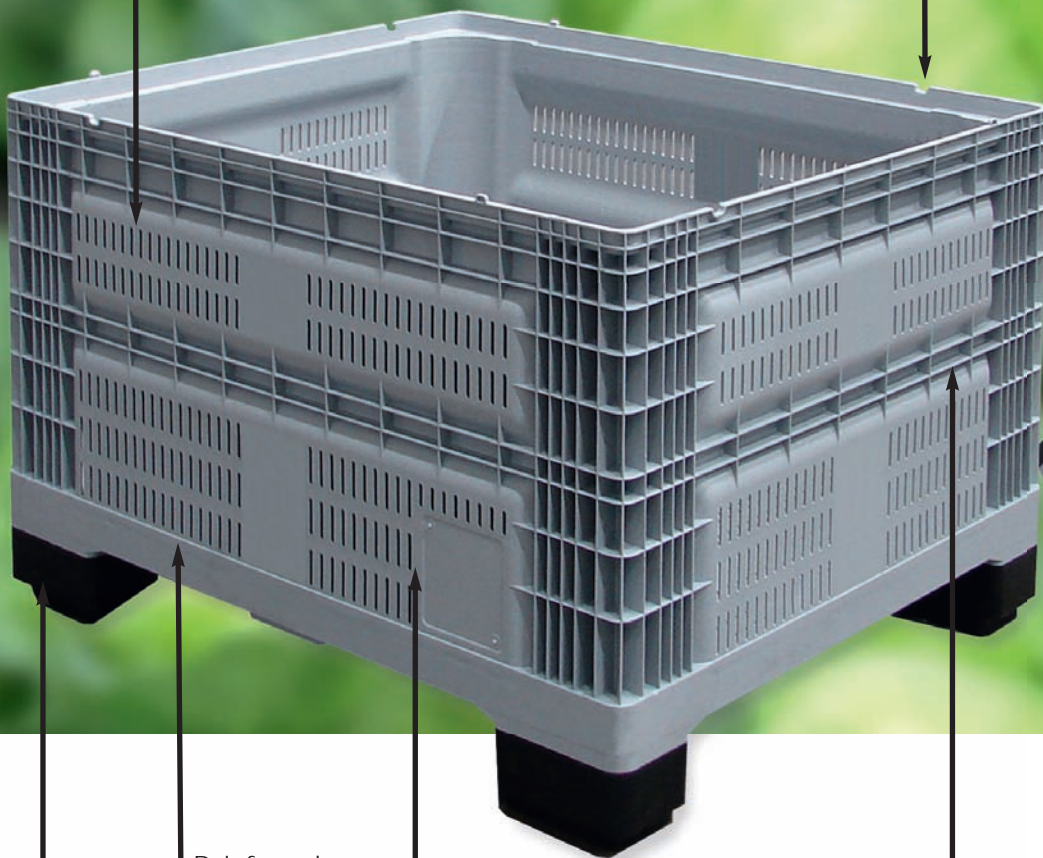

Order no.	Accessory part	Colour	Weight
21-0299	lid PE/PS	black	3.65 kg

Skitted sidewalls and base

Stack safeguard in the upper edge for counter stacking

Reinforced base edge

Space for labelling

Thanks to secured counter stacking, 3 empty Paloxes can be stored in a space-saving fashion. Space savings: 33 %.

Runners and feet bolted, thus easy to exchange for repair

Rounded corners on the inside

Reinforced corner sections
